A Plan for Zero Poverty and Hunger

The United Nations' Sustainable Development Goals included No Poverty as SDG 1, and Zero Hunger as SDG 2. In order to attain the goals, each member of the UN has to communicate with each other and perform international ventures. For me, I can help attain these goals by supporting businesses that I have already been subscribed to or purchased from, this would ensure the growth of the businesses and enable more employment opportunities to the people. My way to help zero hunger is to participate in donation drives for the homeless or impoverished or those afflicted with natural disasters. I would donate food that either lasts for a long time or is easily consumable such that when time needs their nourishment or fulfillment it can be of use. This is what I can do as a person right now to attain these goals.
